RAIN TODAY

Em G

I don't wanna hear the rain today
I don't wanna walk that lonely road
I don't wanna see her away from me
I don't want to be alone

I don't want to be in the world today
I don't want to wake and go
I don't wanna think 'bout our lost love
I don't know, I just don't know

I don't wanna hear the rain today
I don't wanna walk that lonely road
I don't wanna see her away from me
I don't want to be alone

I don't wanna see, don't wanna hear
Don't wanna speak, don't want you near
Don't wanna feel, don't wanna touch
Don't wanna see, don't wanna be
So leave me alone!

MOON CHILD

Am G Em Asus Am (open) = Verse or play in Bm
Am F Dm Asus Am (open) = 1st change
Am G F F (Power chords) = 2nd change

Moon Child was born in the suburbs
With a birth mark that covered her throat & face
She always felt out of place
Being stared at like she was on display

She dropped out of school at an early age
Picked up bass and partied everyday
Times were good and life was fine
Eating and drinking like she'd never die

Then she headed up to Hollywood
And joined the punk movement
Free drugs, free booze, she never paid
Saw Johnny Rotten then things suddenly changed

She was shooting up everyday
Making love to a habit that stole her dreams
Before she knew it, she was on the street
Selling her body to the johns and creeps
She tried to kick it again and again
But returned to her love, heroin
Years later, she finally got dry
With the help of AA and her God up high

They say she's livin' down south somewhere
And that she had a kid
But no one's sure whatever became
Moon Child's stories a mystery

WAR LOVE (4x) A Bm

ONE DAY WE ARE TOGETHER
NEXT DAY WE ARE APART
WE'RE TOSSING AND A TURNIN'
LIKE THE WAVES UPON THE SHORE

ONE DAY YOU MAKE ME ANGRY
NEXT DAY YOU'VE STOLE ME HEART
SOMETIMES I FEEL LIKE A LEECH
FEEDING ON THE HOST

WAR LOVE (4x) A Bm

D C D C A (open all chords) Chorus
D C D D A (open all chords)

Most people reminisce 'bout what has been
What could have been

But the good times, lie, are far between
The waiting which goes on for weeks
Spend the time watching the clock
The ding dong & the tic toc
Boredom, dreaming, passing time
Waiting in a long line
Work, eat, sleep, 2 weeks in May
Another year, another day

A poem is read, a song is sung
The meaning's spoken in tongues
One in many take it to heart
The rest don't care to hear the art
Or they'll analyze, criticize
Say, "My God, what a beautiful voice"

But it's alright son
Don't be scared
Their in tune with fire and air

History's scarred with inequality
As women bow to what men decree
"Receive instruction with submissiveness"
A conservative tradition that don't make sense
Their "saving grace" is the lock, not key
Weed the doctrine and we'll be free

Religious leaders created it long ago
You shall go to hell if you don't follow
But would any good God cast ones in the pit
Knowing before hand some would not choose Him
If so, God is unrighteous
Or the gospels flawed, inconsistent

But it's alright son
Don't be scared
They've been teachin' this for years

Ganja, dope and alcohol
Feed them to those who lives are dull
Let them dream, learn to forget
Life, poverty, problems, debts
But hesitate... addiction
Betray yourself & lose your friends
Like rulers who pervert justice
Forget decrees, become ruthless

Freedom to speak, think and do
Are banned, black-listed & taboo
Rights are wrongs when they offend
The elite who know what's best
Their solution is the cause
Of the strife & the war

But it's alright son
Don't be scared
Please don't shed another tear

Suspicion, doubt, scandal, lies
Me, myself and apple pie
I'm to blame & no one else
Must revolutionize myself

Change my heart and my mind
Remove the log from my eye
Rebel against all that is
Overthrow dominion

But it's alright son
Don't be scared
I'm in tune with fire and air

One day we'll reap what we sow
Face the white walls
Be on death row
The walls will come crushing down
The verdict & the breakdown
Exposed, removed the disguise
Exit, hated, loved, despised

I put on my shirt

Cause it makes me look tall

But I don't think about it

Cause I don't think at all

I'm just a slave...

Slave to my dick (4x)

I sit at the keg

Cause it gives me my balls

But I don't care about it

Cause I don't care at all

I'm just a slave...

Slave to my dick

She pulled off my pants

Said, "God it looks so small"

But I don't care about it

Cause I don't care at all

I'm just a slave...

Slave to my dick

You're in love, well you're dumb

You think maybe I'll call

But I don't think about you

Cause I don't think at all

I'm just a slave...

Slave to my dick
